

Golf Ball DROP

Presented By

October 19, 2020

Dear Friends,

Due to the ongoing efforts to contain the spread of COVID-19 in our community and beyond, Fremont Health Foundation has made the decision to cancel our Annual Golf Classic event out of concern and respect for the health and wellbeing of all the people in the communities we serve.

Despite not being able to hold our Annual Golf Classic, the need for donations and support to help with COVID-19 training, equipment, employee assistance and ongoing needs, is in high demand. We at Fremont Health Foundation have dedicated our special event fundraising efforts to support such needs.

We are excited to invite you to join us for our first "Golf Ball Drop" presented by FNBO! The virtual event will take place on Friday, November 13th at 3:00pm and will be streamed via Facebook Live from the Fremont Health Foundation's Facebook page. We are looking for hole sponsors, team sponsors and individuals to support by purchasing a sponsorship package or golf balls. Sponsorships come with advertising opportunities for our corporate partners, as well as opportunities for the general public to purchase a golf ball and play along! Each purchased golf ball will be numbered and all the balls will then be dropped from a helicopter onto a "golf course" with 9 holes. Each hole represents an amazing prize valued at over \$150 each! From all the dropped balls, the balls that are closest to each of the 9 holes wins! You can have a Friday afternoon club, watch it live and enjoy a fun time with your friends, co-workers or family as we all watch the excitement of the 9 winners. The helicopter and ball drop will be provided by Midwest Medical / Apollo MedFlight - MedAir.

Your philanthropic support of our event is very much needed even though we are hosting something different this year. Please join us in the effort to support our local work and meet the health needs of our community, family and friends.

Sincerely,

A handwritten signature in cursive script that reads "Shawn Shanahan".
